I'm so sick of TV, ain't nothing on the tube
And I'm so sick of romance, I'm getting real sick of you
Gotta get on out of here, find me something to do
I wanna get on out of here, just ain't nothing to do
I'm so sick of FM, even Casey of you
Gonna get out on the streets, man, just ain't nothing to do
do
Gotta get on out of here, find me something to do
I'm gonna get on out of here, just ain't nothing to do,
no!
Ain't nothing to do
Gonna beat up the next hippie, man
Then I'll be beating up you
Ain't nothing to do, ain't nothing to do
Just ain't nothing to do
Gonna knock out that little girl over there
Then I'll be knocking out you
Ain't nothing to do
Ain't nothing!
