This ain't no social call  
I don't appear for fun at all  
This ain't no social call  
I bet you wanted more  
What you see is what you get  
I ain't seen nothing I want yet  
This is something deep, today, I'll try  
This is something deep, today, I'll die

Some things are better left unsaid  
Some things are better left undone  
Some things are better left for dead  
Some things are better left

What you get is what you see  
Look out, ooh, I don't aim to please  
Forever means nothing to me right now, right now  
Forever means nothing to me right now, right now  
Right

This ain't no social call  
I ain't here for your fun at all  
This ain't no social call  
Too bad you were expecting fun

Some things are better left unsaid  
Too bad you don't understand  
Some things are better left undone  
Some things are better left undead  
This is forever, okay?  
Some things are better left

Some things are better left unsaid  
Some things are better left undone  
Some things are better left undead  
Some things are better left  
Left burning
