Lost in a memory I have forgotten
I've been counting down the days
hundred oceans lie between us
but I finally get to say
I'm going home, I'm going home
I'm going home and I'm not looking back, looking back

close my eyes and feel the way
the distance left these lines so great
but I'm leaving here gonna make it clear
these words they be the boat I build
to bridge your doubts and be your shield for the lonely
hearts
get a brand new star

I'm going home, I'm going home,
I'm going home, and I'm not looking back, looking back

[Chorus:]

Ooover the heartaches whatever it takes
I'll go that far to be with you
The light it draws me, the heart it calls me
to what is true
I could've been lost but I see you there
I would give it all just to be right there
I said ohh I'm going home

and I'll run it to your arms dear
I know that I belong here
make up for the love we lost
it came at such a cost
I'm going home, I'm going home

[Chorus:]

Ooover the heartaches whatever it takes
I'll go that far to be with you
the light it drowns me, the heart it calms me
to what is true
I could've been lost but I see you there
long to give it all just to be right there
I said ohh I'm going home

I could've been lost but I see you there
long to give it all just to be right there
I said ohh I'm going home
ohh, I'm going home,
I'm going home, I'm going home
I'm going home and I'm not looking back, looking back
