What are we, just flesh and blood and irony  
We've eaten from the poison tree, just trying to find our  
way back home  
Ill-equipped to ever fix this sinking ship  
So many hours I have spent, just trying to find my way  
back home

Open eyes to see the beauty in disguise  
We sell it off for empty highs  
Just trying to find our way back home  
And I still lured tire with these hands

Don't feel so high, these castles in the sand  
Home I'm running honey, here's the place you rest  
What if all I can be is never good at best  
Home, I'm running honey, way, way, way, way

Love laid down to raise your heart  
Long lost and dark  
Love laid down for the tired eyes  
Couldn't seem to find

Love laid down to raise your heart  
Long lost and dark  
Love laid down to bring to life  
All that's lost inside

Love laid down, can you hear the song  
Of our coming home  
Love laid down, can you hear the sound  
Of a love that's found

Love laid down, to raise your heart  
Long lost and dark  
Love laid down to bring to life  
All you left inside

Love laid down, to raise your heart  
To raise your heart, to raise your heart  
To raise your heart, it's like an ocean  
It's like an ocean, it's like an ocean

It's like an ocean, it's like an ocean  
It's like an ocean, it's like an ocean, it's like a, whoa
