"Speak Through Me"

Holding on to all you gave to me
Times I feel the furthest from complete
In the echoes of your confidence
Remind me of the consequences you undo
So here I stand today
Open eyes and open praise for you
You were there when everything came down
I owe you all my heart
My God
So I hear the people talk
Their voices so unclear
But I keep you in my head, keep you in my eyes
Where there's nothing left to fear
In the echoes of your confidence
Remind me of the consequences you undo
So here I stand today
Open eyes and open praise for you
You were there when everything came down
I owe you all my heart
My God
So speak through me
So loud and so clear
I want to feel you here
