Maybe I'm down to my last dollar
I'm weak in the knees and soft in the holler
Found a place where we can go
A little piece of land where the west wind blows
Where the west wind blows

Let's get lost with no direction
35, head south on this exit
Found a place where time goes slow
A little piece of land where the west wind blows
West wind blows

I want to be with you when the sun goes down
I want to be with you when the lights go out
Yeah, there's so much here that's brought us down
I'd leave it all
For this crazy little love we've found

Maybe,
I've been wondering
Just where to call home
And I said, "Baby,
What I realized, where you are,
Is where I belong"

It's where I belong

I want to be with you when the sun goes down
I want to be with you when the lights go out

Yeah, there's so much here that's brought us down
I'd leave it all
For this crazy little love we've found

Yeah yeah
Gotta shake what god gave you, baby

Yeah yeah
Show 'em what you're worth

There's no shame in shaking that thing across the floor

Come on, all!

Show 'em what you're worth
