Baby, I'm so glad you're here
Baby, I've got something to say, my dear
Baby, yeah
I'm so glad you're mine

Whoa ho, baby, why did it take so long?
Whoa baby
Only made my love grow strong
Baby, hey, hey, hey

I'm so glad you're mine
Hey hey hey hey
When darkness gather 'round me
And friends forsaken me
I know you'll never let me down
I know you'll never let me down

Hey hey hey hey hey
Baby, I'm not gonna leave you alone
Baby, oh hop on and I'll give you what you want
Baby, hey

I'm so glad you're mine
Hey hey hey hey
When darkness gather 'round me
And friends forsaken me
I know you'll never let me down
I know you'll never let me down

Woo hoo, boy, and you'll never say
Baby, baby, I'm gonna turn my back and walk away
Baby, baby, I'll see you another day, hey
Baby, baby, I'm so, I'm so

Thankful for your love, angel
Thankful for your love, every day
Glad you're mine
Hey hey hey hey, baby
