I'll be good to you
You just be good to me
It's so damn easy
Lets just get along
It sounds so easy
But there's much more to it
Lovers understand
Fightings in demand

Brother
You're up against a corporation in me

Daddy good to me
Mommy good to me
Teacher good to me
And I'll be good you see

But on and on
We travel
Living by the lie
Life is just a bit (or bitch)
And then we die

666 - we've let him creep inside

Shes' a bitch and then you live
I don't know what to do
He's a nut and then you run
Home to mum'... oh God

I'll be what you want
Just be there for me
You do what you want
Just save your soul for me

Don't leave me in the cold
Without love
Young but old
Half the time we crumble
What the hell has happened?

There's no direct answer

She's a bitch... etc
Repeat chorus

Ha ha - You can't win...

She's A bitch and then...
Repeat... etc
