Seeing the light
Watching the sun break through the clouds
Seeking a soul but there's no one around
Walking the line
Figuring what is to be lost
Wanting the answers for some piece of mind
Chorus:
I've been waiting for someone to come and save me
I see roses bloom yet wonder if I'm crazy
Fade away
Fade away
Fade away
Marking the time
Waiting for something to go wrong
Catching a glimpse of what may still be strong
Nothing to find
Falling around me one by one
Telling my self that there's no where to hide
Chorus:
I've been waiting for someone to come and save me
I see roses bloom yet wonder if I'm crazy
Fade away
Fade away
Fade away
I can see
That no one can survive
Let it be
Waking up and finding all is gone
Searching for life
No one alive to see me through
Sitting alone within a sea of hearts
Walking away
Walking through fields of silent thought
Feeling the pain of all that now is done
Chorus:
I've been waiting for someone to come and save me
I see roses bloom yet wonder if I'm crazy
Fade away
Fade away
