When you said you loved me
My life was not that bad
But now that you left me baby
There's no way to be glad

Chorus:

I gave you my everything
I gave you my all in all
I gave you my life but baby
Now you're gone
We did things together girl
We were out all night long
But you said 'So long my friend'
And since then it's all gone wrong
And don't you recall those nights
I held you close in my arms
Just think it over baby
Before you just move on

Chorus:

I gave you my everything
I gave you my all in all
I gave you my mind but baby
Now you're gone
Well I thought you loved me girl
But I guess that was a lie
Now I can't sit here alone
And let my life pass me by
You left me crying
You left me standing here all alone
You left me trying
You left me praying that you'd come back home
But now you're gone
Now you're gone
Now you're gone
