And so it goes

The party ends

I fumble around

To figure it out

But all of the colors

They keep spinning

Within my brain

But I can recall

What I recall

But recall it I do not

For I am aware

That it is not what I desired

Just for an hour

Or a minute

Just a moment of time

To take back

What I can

Simple it is but it is not

Simple it could be

Just if the time

Had passed by eloquently

But quick, quick the brightness dimmed

And like a puppy I would follow

Chorus:

Is it too late

Can I redeem myself

Or am I just lost inside your eyes

I can see myself in you

But there is nothing I can do

Can I redeem myself or am

I just looking for your smile

What can I do

To have this moment with you

And back again

But not alone

And loneliness haunts me like a thief

In the twilight

But it just cannot catch up

If only my mind

Had not left

For the night

Could I have quit

Soon enough to not

Spill all of my emotions

Chorus:

Is it too late

Can I redeem myself
Or am I just lost inside your eyes
I can see myself in you
But there is nothing I can do
Can I redeem myself or am
I just looking for your smile
What can I do
To have this moment with you
Can I redeem myself or am
I just searching for your smile
What can I do
To have this moment with you
