You don't see
You never have, never will
What do you believe
These images are unforgiving

And jealousy always running through your veins
You cannot breathe, here's your witness
Everything's not right
No, everything's not right

Where did you go?
You forgot about all you've left behind
It's all on the table, so you wonder why
Yeah, you wonder why you can't hurt any more

Emotions just can't be seen in light
You're lost in here, you're lost in here
You just disappear
You just disappear

You deny the pain that overcomes deep inside
You've kept it there too long
And grayest skies, answers bleeding through
Sunlight cast its shadows over all

Where did you go?
You forgot about all you've left behind
It's all on the table, you wonder why
Yeah, you wonder why you can't hurt any more

Your emotions just can't be seen in light
You're lost in here, you're lost in here
You just disappear
You just disappear

No, everything's not right
Everything's not right

Where did you go?
You forgot about all you've left behind
It's all on the table, you wonder why
Yeah, you wonder why you can't hurt any more

Your emotions just can't be seen in light
You're lost in here, you're lost in here
You just disappear
You just disappear

No, everything's not right
No, everything's not right

You're just lost in here, yeah, yeah
You're just lost in here, yeah, yeah
You're just lost in here, yeah, yeah
You just disappear, yeah, yeah
