Can you hear me, not so loud a whisper  
It seems as though it fades away  
Before you hear what I have to say  
Words can't offer you agreement

They're injustice to the songs  
You sing undermining your best intentions  
Silence speaks louder than words  
Sometimes but not everybody listens

It be known to all who'd only shut their mouth  
Can you hear me now that I am screaming?  
I can't tell a difference made  
With that blank stare on your face

How do I explain, what I am feeling?  
Just open up the cage today  
It's a small price to pay

Although there may be indiscretion  
Remind yourself to play along  
Block out your repetition and remind yourself  
Who's in the wrong with you
