So far away not knowing how to handle
The distance between
Avoiding situations that will show
That this is not the same

Try to see through my window
I can't but I will sustain you as long as I can bear
The thought of humbly keeping Silence is my answer
I will remain here
Quietly seething
As the crowd moves in roaring to carry me away

I've always kept this push from shoving
The edge closer now
It's true enough
I have nothing left to say

Try to see through my window
I can't but I will sustain you as long as I can bear
The thought of humbly keeping Silence is my answer

I will remain here
Quietly seething
As the crowd moves in roaring to carry me away

I can't, but I will
No I can't, but I will
I will sustain you
As long as I can bear
The thought of humbly keeping
Silence is my answer
And I will remain here
Quietly seething
As the crowd moves in roaring to
Carry me away

Carry me away

And I will sustain you
I will sustain you
I will remain here
Quietly seething

As the crowd moves in roaring
To carry me away
