"Good To You"

Visit "[Good To You](#)" on MotoLyrics.com

Traveling round this big ol' country
Listening to what people say
Day and night
Ain't a fright
Needing what we turn away

Only one thing I see than we could do
You be good to me
Let me be good to you

Tryin to live in a family
Isn't for the faint of heart
Mom and Dad, feeling sad
Trying to give the kids a good start

Only one thing I see that we could do
You be good to me
Let me be good to you

Seem like everybody' yellin
Calling each other names
Give 'em what you can,
Sayin' "You don't understand"
Acting like it's all just a game

Only one thing I see that we could do
You be good to me
Let me be good to you
