Foolish hearts
Play the most convincing parts
Still there is no turning back
And all the things in life I struggle to achieve
Can't compete down deep with what I believe

Picture Me & You
With a love unconditional
A freedom so real
Just Me & You transcending all that is physical
Knowing how we feel
Me & You

Days go by
Justify the reasons why
Still there is hope here to stay
And all the things in life I struggle to achieve
Can't compete down deep with what I believe

Picture Me & You
With a love unconditional
A freedom so real
Just Me & You transcending all that is physical
Knowing how we feel
Me & You

In the past I see all the selfishness that used to be
Living careless rather than carefree
And now your image just shakes the memory

Picture Me & You
With a love unconditional
A freedom so real
Just Me & You transcending all that is physical
Knowing how we feel
Me & You
