"Down"

Visit "[Down](#)" on MotoLyrics.com

And i ask myself again
What i got myself into
But it's late at night again
And that's not shomething i should do

But with all the time i spend
I'd still rather lie to you
As an old best friend
Until the very end

Take a chance and speak the truth
They've never lied to you
The floor is my best friend
I've come to visit you again

If you would just let go
Someone else could hold my head
Say a sentence that makes sense
So we can all go home to bed

I will not fall back down
