I have decided  
That what I see on the T.V.  
And what I read in those magazines  
Means nothing to me  
I am free from everything and anything you want me to  
believe  
Cancellation has come and I'm pulling out  
Dismissal  
It's not going to happen anymore  
I've been through it too many times  
Assaulted by standards asking for decline  
Drop off the pressure  
Consistent and pure  
Dispense the appropriate  
Meaningless meaning  
Well it's no longer working  
Your shit means nothing to me  
Your shit means nothing to me  
This is dismissal  
And if it don't make sense to me  
It don't deserve to breathe  
This is dismissal  
Your shit means nothing to me
