In the morning
You can testify
In the evening
You can testify

And if you're far from home
I want you to testify
And if you're all alone
I want you to testify

Come on baby
Can you look me in the eye
Come on baby
Don't want to hear no alibi
Come on baby
You don't have to justify
Come on baby

And if you love me
I want you to testify
And if you need me
Need you to testify
And if your heart is broken
You can testify
And if your door is open
Won't you to testify

Well come on baby
'Cause I'm waitin' on your reply
Come on baby
Mmm can you look me in the eye
Come on baby
Don't want to hear no alibi
Come on baby

Raise your hands up
I want you to testify
Take your shoes off
I want you to testify
Let your hair down
I want you to testify

Let me show you how
I want you to testify

Well come on baby
Can you look me in the eye
Come on baby
Don't want to hear no alibi
Come on baby
Ah you don't have to justify
Come on baby
Mmm I'm waitin' on your reply
Come on baby

Whoaaaaaaaaa yeah
Well come on baby
Come on, yeah
Come on baby
I want you to testify yeah
Come on baby

Take your shoes off - That's it
