Brace yourself 'cause Me. Marmalade is on a tirade  
Born again friend of mine traded in his face for a  
young girl  
Is it only me or was Jesus less a mystery than before  
Yeah  
God's evident here

I'm on my way now  
I'm on my way now to you

I'm on my way now  
I'm on my way now to you

I'm on my way now  
I'm on my way now to you

I can't believe it how he goes on and on  
And I think he just said that Jesus gets him back in  
touch with Friday  
And that God's evident here

I'm on my way now  
I'm on my way now to you
