Sleep my love  
While I come undone and I'll brace myself for when  
you're done  
Sweet dreams my love  
Take them all  
Take them all while I absorb you and what you've done  
What you've done

You never gave it wind  
You never let me in

You shine like winter under sun  
Under sun  
You kill me with Christmas  
Prum pum pum  
Prum pum pum  
And I hope you find the day that you came undone  
While I absorb you and what you've done  
What you've done

You never gave it wind  
You never let me in

You never gave it wind  
You never let me in

Whisper 'til the coffee comes  
Whisper 'til you come undone  
Whisper 'til the film starts  
Whisper 'til I fall apart

Whisper 'til the coffee comes  
(You never gave it wind)  
Whisper 'til we come undone  
(You never let me in)  
Whisper 'til the film starts  
(You never gave it wind)  
Whisper 'til we fall apart  
(You never let me in)

You never gave it wind

You never let me in

You never gave it wind  
You never let me in

You never gave it wind  
You never let me in

You never gave it wind  
You never let me in
