Scientific minds and scientific times
Called you off my table
Made you ready and able

To break down my heart
Break down my heart

Flip the Switch, electric shock
She's alive, with synthetic locks
She will be my demise
She will be My robot bride!

Up the stairs, she slowly walks
Come to me, electric shock

She will break down
She will break down
My heart

Flip the Switch, electric shock
She's alive, with synthetic locks
She will be my demise
She will be My ro-ro-obot bride!

Time and money have paid their dues
Smarts and times and science too
Crazy starts, and broken ends
She will be my only friend

When the science gets the best of you
Who can you turn to?
When this science gets the best of you
Who can you turn to?

Flip the Switch, electric shock
She's alive, with synthetic locks
She will be my demise
She will be My robot bride!

Time and money have paid their dues
Smarts and times and science too
Crazy starts, and broken ends

She will be my only friend
