Pure energy

We're nothing but two lost souls when  
We set out without an ending  
Everyone thought we were wasting time

Oh, it was such a struggle that never ended  
On no one else we were dependent  
We did all we could to get it right

On an outbound train  
The breaks from yesterday  
Ooh, I always wanted to feel this way

On a sky-high plane  
Hotter than all the sun's rays

And it's known to be  
We are always meant to be released  
To pure energy, pure energy

Pure energy  
Pure energy

Found ourselves in a situation

Yet there always was a complication  
What we wanted was so hard to find  
So we had to keep on moving  
Only time was time for losing  
Couldn't waste a minute of our lives

We've been traveling for days  
Now we're so far away  
Ooh, only stars will light our way

In this close to lonely world  
Sometimes I'm just a lonely girl  
But you gotta know  
That we were always meant to be released  
To pure energy

Pure energy, pure energy  
Pure energy, pure energy  
Pure energy
