Suppose you were to run away  
Before I scream and shout  
Believe and I shall understand  
When everyone's found out

See what you do to me  
With every word you say  
Yes I will play the fool again  
But not before you've paid

All the, way down

We'll figure this out  
And then I wanna be alone  
So close to hatred I won't survive this  
I shouldn't have stayed  
You know I should have stayed home  
Where the chances are that you'll live to fight this

If it's ok with you  
I'll make it my mistake  
There's nothing I can prove  
I haven't slept in days

You long for sympathetic eyes  
I long for safe and sound  
Tell me was it really you

And then we hit the ground  
And there was nothing left to lose  
But you

We'll figure this out  
And then I wanna be alone  
So close to hatred I won't survive this  
I shouldn't have stayed  
You know I should have stayed home  
Where the chances are that you'll live to fight this

We'll figure this out  
And then I wanna be alone

So close to hatred I won't survive this  
I shouldn't have stayed  
You know I should have stayed home (with the lifeless)  
Where the chances are that you'll live to fight this
