One at a time, every night
I shake in every line
You wouldn't want me to try to open up
One of a kind, every night
I keep on lacking behind
Would it help if I tried to understand?

I mean what I say
Forever will never last
I'm sick of waiting for the landslide
I walk your shadow in the moonlight
Don't tell me everything will be fine

One at a time, every night
There's truth in every lie
Would you want me to hide or hold you now?
One of a kind, every night
Each and every time
I wouldn't know if you'd tried to wake me up

I mean what I say
Forever will never last
I'm sick of waiting for the landslide
I walk your shadow in the moonlight
Don't tell me everything will be fine

Short cuts and long delays
Short cuts are my mistake
Short cuts and long delays
Short cuts are my escape

I mean what I say
Forever will never last
I mean what I say
Forever will never last
I'm sick of waiting for the landslide
I walk your shadow in the moonlight
Don't tell me everything will be fine

(I dare you not fall asleep)
I'm sick of waiting for the landslide

(I dare you not fall asleep)
I walk your shadow in the moonlight
(I dare you not fall asleep)
Don't tell me everything will be fine
(I dare you not fall asleep)
