Don't fret, don't worry  
About the shade of tomorrow's blues  
Don't be in a hurry  
To write off the faith I have in you  
Cause right at the edge of your circumstance  
You'll find mercy's open hand

Chorus:

And that's all you need to know  
Though the doors may close  
I'll be a window of hope  
And that's all you need to know  
When the winds of doubt begin to blow  
I'm the one you can hold on to  
And never let go  
And that's all you need to know

Don't cry, don't bother  
Trying to solve the problems on your own  
That's why I'm here  
That's why you'll never be alone  
Cause right at the edge of your circumstance  
You'll find mercy's open hand

Chorus

Don't forget I chose you  
Before creation was ever spoken  
Heaven and Earth will pass away  
Before my promise is broken

Cause right at the edge of your circumstance  
You'll find mercy's open hand

Chorus
