Heres a song, that I waited
Mmm, to write with you
do you think i'll finish it in time.
Got Enough, from you love,
that it finishes itself
I regret

Chorus:

Song Lyrics

Oh But do you like the way
that it moves
oh do you like the way
that it moves
do you like the way it moves
oh do you like the way
that it moves

And theres a song, thats been in my head
so many things we said
never quite worth song
And take the melody love
And forget the words if you must

Chorus:

oh but do you like the way,
that it moves

oh do you like the way
that it moves
oh do you like the way it moves
oh do you like the way
that it moves

And take your time with the meter
the right line will find you
If you play it through
and if im there, at the turn dear
we can give an ending that I think this song is to

Cause I think I like the way
that we move

Oh i think i like the way
that we move
Oh did you like the way that we move
oh did you like the way
that we move

here a song that I waited to write with you
Mmm i think i'll finish it instead
