What can I say  
When faith slips away  
Into doubt  
And the fear that I feel  
Is incredibly real  
And there's no way out  
Everything is shaken  
Hope is almost taken  
But there is something making me say

### CHORUS

I'm good  
I'm fine  
But I've seen better days  
Maybe say a prayer when you think of me  
I could use some help when you're on your knees  
The Lord is kind  
I know He's gonna see me through  
Everything is gonna be alright

I'm holding onto  
The mercy and truth

Of His plan  
I'll weather this storm  
Safe in the warmth  
Of my Father's hand  
But through the healing stages  
I will stand courageous  
Though the hurting rages in me

### CHORUS

There is trouble on every side, but I'm not broken  
I have been struck down, but I am not destroyed  
Persecuted but I'm not abandoned  
My hope is in the Lord,  
My hope is in the Lord...

### CHORUS

Everything is gonna be all right

Everything is gonna be all right
