Love the Lord with all your heart and all of your mind
Love the Lord with all your soul and all of your strength

Ran into an old one day
Seemed we had a lot to say
We reminisced 'bout days gone by and talked about
old times
When nothing really mattered

Small talk seemed to pass the time
But there was something on my mind
I knew I had to tell my friend
I'm not the man that I was then
I've got Jesus in my life

And then he poured out his heart
And asked what must I do
To have the love I see in you
(You've got to)

Love the Lord with all your heart and all of your mind
Love the Lord with all your soul and all of your strength

Then I turned and walked away
Didn't think much about it
The love I had inside of me
I never thought I'd doubt it
But sometimes we turn away

Then I ran into my old friend again
I thought I'd never see
This man that I once lead
Now was leading me
Back into the arms of Jesus

And then I poured my heart out
And asked what I must do
To get back the love I see in you
(And he said)

Love the Lord with all your heart and all of your mind
Love the Lord with all your soul and all of your strength
