There's someone running through the ramp parkade  
Spilling out over the sides like brush fire  
Burning the roof top concrete  
And bouncing off pillars in the oil stain dark  
Stabbing out holes in white walls  
Wrist wrapped fist  
Let it out! let it out!  
Cutting though clothes

I keep a close eye on the skyline  
Who's in the paper and who sings the blues  
Who sits down at the back  
Who stands in line  
Who's got nothing else left to lose  
Stabbing out holes in white walls  
Wrist wrapped fist  
Let it out! let it out!  
Cutting though clothes

Seriously loud  
This is a serious town  
Violently not making a sound
