Ten, remember when you didn't love me?
Nine, now all the time you're thinking of me
Eight, life is great, you're all I'm living for

This is my countdown to love, oh, oh
This is my countdown to love

Seven, we'll be in Heaven before the night is through
Six, I'll play no tricks, I'm always straight with you
Five, love's alive in our hearts every day

This is my countdown to love, oh, oh
This is my countdown to love

Ten, nine, eight, seven, six, five, four, three, two, one
Ten, nine, eight, seven, six, five, four, three, two, one
Ten, nine, eight, seven, six, five, four, three, two, one
Countdown to love

This is my countdown to love, oh, oh
This is my countdown to love

You are the one love in my life
I know you feel that way too
Oh, what a thrill when I'm holding you near
All of my wild dreams come true

Forever more you'll be my lover
It's you for me, there'll never be another

Two gether four ever we'll be as one

This is my countdown to love, oh, oh
This is my countdown to love

Ooh, countdown to love
Ooh, countdown to love
Ooh, countdown to love
