I'm looking for someone  
But not just anybody  
I've been around, I've had my fun  
Now it's time to fall in love  
I wanna find a smile  
A smile to kiss  
Someone to hug and hold hands with

*[Chorus]*

Cause I've been keeping my pockets  
Warm for to long  
I wanna hold someones hand  
To whom i belong  
To think about when I hear a love song  
Hang up the phone and say i love you  
Stay up all night thinking about you

I wanna hold someone in my arms  
Hold them so tight, forever  
Just standing there would be just like heaven  
Cause we're together  
Then I'd singer her a song staring  
Right into her eyes  
A song just for her  
A song that I wrote for her

*[Chorus]*

Cause I've been keeping my pockets  
Warm for to long  
I wanna hold someones hand  
To whom i belong  
To think about when I hear a love song  
Hang up the phone and say i love you

Stay up all night thinking about you

Cuz I'm looking for love, but it's so hard to find  
My heart open, so come and step inside  
Looking for love but I must be blind  
So girl, Start looking for me  
Look for me

I hate being alone  
Staring at the stars on my own  
I need a girl  
A girl to tell me she really cares  
And if she needs someone I will always be there

*[Chorus 2x]*

Cause I've been keeping my pockets  
Warm for to long  
I wanna hold someones hand  
To whom i belong  
To think about when I hear a love song  
Hang up the phone and say i love you  
Stay up all night thinking about you

Cause I've been keeping my pockets  
Warm for to long  
I wanna hold someones hand  
To whom i belong  
To think about when I hear a love song  
Hang up the phone and say i love you  
Stay up all night thinking about you
