Wish I had the fastest steed  
Running the belmont stakes  
After Kentucky and Baltimore  
The crown is ours to take  
The crown is ours to take

Wish I had a jet airplane  
Wings of solid gold  
Everyone waiting for me to land  
And crying when I go  
They're just crying when I go

Wish I drew an inside straight  
Whenever I play my hand  
Lay your money down if you dare  
But I'm a no time loser man  
A no time loser man

Wish I had a stretch of road  
That goes for miles and miles  
Never have to wonder which way to go  
It takes me where the weather is mild  
Takes me where the weather is mild

Wish I could shoulder a thousand pounds  
Somebody spread the word  
Jump in the ring for fifteen rounds  
Champion of the world  
I'm the champion of the world

Wish I had my green eyed girl  
Sitting here by my side  
If I had my green eyed girl  
I'd be satisfied  
I'd be satisfied
