In you, it feels so good when i go under your hood
the wayyou move unusual and baby, i don't mean to
talk dirty
i respect you like a slap in the face
But baby, i'm in this for the kill
not the thril of the chase

****Chorus****

I wanna seduce you
let me put my hand in your glove
I wanna seduce you
uh, huh, uh huh!

Skis moves like and addicted groove
your bed's the drug my ritual
and baby

In you, it feels so good when i go under your hood
the wayyou move unusual and baby, i don't mean to
talk dirty
i respect you like a slap in the face
But baby, i'm in this for the kill
not the thril of the chase.

****Chorus****

I wanna seduce you
let me put my hand in your glove
I wanna seduce you
uh, huh, uh huh!
