Mama always told me--"Find yourself non-sinner
friends,
the kind you know dont mess around"
I guess that makes me a sinner times ten
I brought the whole gang and their families to town
What do we have to do to get thru to you--that we dont
wanna fight
We just wanna raise some heel tonite
Mama times four ooh
Do I hear kids dancin' round the radio--do I hear kids
Dont think I do, dont think I do
Do I hear kids doing it like they never did it--do I hear
kids
Dont think I do, dont think I do
Mama always told me
"To be careful who you kiss. you never know what you
can catch."

A whole lot baby--So I hear it's dangerous
But I think i fell in love and I'm takin' the risk
Do I hear kids dancin' round the radio--do I hear kids,
do think I do
Dont think I do, Do I hear kids--doing it like they never
did it
Do I hear kids--Don't think I do , dont think I do
O yeah, come on, do that again, again, again, again,
yea
Come on--Admit it--Youre mine.. You know?
say so--do I hear kids--I think you do Lord, I think you
do Lord
Did we have to bring God into this?
