No one's there but I'm not alone
My skin's no longer my own
I'm a parasite host, merely a ghost
Of who I used to be

There's a killer running free
They say, he looks just like me
Voice in my head, I was misled
By a stranger with my face

Now I got nowhere to run
I got nowhere to hide
Someone disguised as me
Committed double homicide but it's too late
They won't stop till they have someone to blame

One shot down, two shot down
A pistol that belonged to my daddy
One shot down, two shot down
A life sentence for my conscience
With no chance of parole

Vigilantes at my door
They show no remorse
The gallows set, the town is met
For a hanging in the square

It's a fate that's worse than death
Choking on every breath
There's no escape, accept my fate
An eye for an eye

But it's too late for me
To start to have regrets today

One shot down, two shot down
A pistol that belonged to my daddy
One shot down, two shot down
Personality fractured in two
One shot down, two shot down
They got what they deserved
Now they're laying in the dirt
