And I've gone half deaf in one ear  
And I'm bleeding out the other  
I don't know where to go  
Unless some one tells me what to do

I feel like I can't get this one thing off my chest  
I've been told to keep a secret  
What cannot be laid to rest

Turn away from the weak  
and be sure to look toward the light  
Say something meaningful  
But don't make it sound too trite!

Put the movie on side one  
Sit back and have some fun  
You might think that I'm a joker  
But I'm not the only one

These are social graces like hello and good bye  
But we're busting at the seams  
To gossip and tell lies  
Everyone's an actor and everyone's your friend  
Looking out for your best interest  
To fuck you in the end

It's only a matter of time  
before they get to you somehow  
and they'll give some good reason  
why you should stay home and rest

If you don't do drugs and fuck  
then what good are you to me?  
Just go back to where you came from  
You're no good to us around here

Please don't try to make this seem  
like something that it's not

Put the movie on side two  
I have nothing left to do  
You may think that I'm a joker

But I'm really just a fool
