It's all gone, for the last time it seems
And it's a shame, all the feelings were lost in our
Things we had were fine, yeah
If we had to have them all the time
Some day we'll find should have relied on time
(Some day we'll find should have relied on time)

All my friends came to see me this year, oh yeah
And I was there to have them care, whoa
And maybe we've gone away
We can come back any old day
If we find how to rely on time, whoa

(If we find how to rely on time)

And maybe we've gone away
We can come back any old day
If we find how to rely on time
(If we find how to rely on time)

All my love wrote to me through the years
About the way friends can laugh at their fears
Though it's a
The better part of you
Make it all come true
If we find how to rely on time
(If we find how to rely on time)
If we find how to rely on time
