While I heard it said before, that you don't care no  
more  
Just pick up tracks and don't look back, and walk on out  
that door  
While I tell my friend what she says, she's never on my  
mind  
My life was so much better, on that day I said goodbye

And I tell myself I'm free, but I'm only fooling me  
Cause no matter what I do, I can't get over you

While I tried to hide my pain, with a taste of the fast  
lane  
But it ain't no use to shake you lose, I still feel the same  
Well I thought I could forget you, but that was just a lie  
Not the same without you, I don't ever want to try

And I tell myself free, but I'm only fooling me  
Cause no matter what I do, I can't get over you  
Can't get over you

I don't know how it started, I don't know where I stand  
I just want to be back, in your arms once again

Well I tell myself I'm free, no I'm only fooling me  
Cause no matter what I do, can't get over you  
Can't get over you  
Can't get over you
