At the dark end of the street
Well that's where we'll always meet
Hiding in shadows where we don't belong
Livin' in darkness to hide our own
You and me
At the dark end of the street
You and me

I know that time's gonna take it's toll
We have to pay for the love we stole
And it's a sin and we know that it's wrong
But oh our love keeps coming on strong
Steal away
To the dark end of the street
You and me

They're gonna find us
They're gonna find us
They're gonna find us love, someday
You and me
At the dark end of the street
You and me

And when the daylight hour rolls around
And by chance we'll go down town
If we should meet, just walk on by
But oh darling please don't cry
Tonight we'll meet
At the dark end of the street
You and me

Tonight we'll meet
At the dark end of the street
You and me
