I don't care how long she gone -
Don't care how long she stays
I don't care how long she gone -
Don't care how long she stays
She's a rolling stone she'll roll back home someday
She's a rolling stone she'll roll back home someday

When the train turned yonder I thought I heard it blow
When the train turned yonder I thought I heard it blow
I'm going to bring my suitcase please and let me go
I'm going to bring my suitcase please and let me go

When the train rolled off she waved her hands at me
When the train rolled off she waved her hands at me
I looked out the window friends as far as I could see
I looked out the window friends as far as I could see

Oh, the last time I see her standing on the station
crying
Oh, the last time I see her standing on the station
crying
Believe she told her friend, "Yonder go that man of
mine"
Believe she told her friend, "Yonder go that man of
mine"

"I don't mind him going, he's going and leaving me
here"
"I don't mind him going, he's going and leaving me
here"
"Got to go back home, sleep all night by myself"
"Got to go back home, sleep all night by myself"

Crying love make a poor man wish he's dead and gone
Crying love make a poor man wish he's dead and gone
Cause the woman he loves had gone and left him alone
Cause the woman he loves had gone and left him alone

Look like I ain't seen her in six long months today
Look like I ain't seen her in six long months today
Ain't that love make a poor man grieve but walk away?

Ain't that love make a poor man grieve but walk away?
