He came from the streets she came from the
mountains
And he meet his star an angel without wings
Their passion flows like a deep running river
He had nothing left to lose and everything to gain
And he said lets make a garden said the thorn to the
wild rose
Plant some seeds deep in the ground
Lets make a garden said the thorn to the wild rose
Strong enough to hold us down

Seasons will change but we'll last forever
We'll see the snow, the falling of the leaves
High on a hill the sky all around us
Will watch it grow from true wild seeds
Lets make a garden said the thorn to the wild rose
Plant some seeds deep in the ground
Lets make a garden said the thorn to the wild rose
Where it's spring time all around

He came from the streets she came from the
mountains
And he meet his star an angel without wings
Their passion flows like a deep running river
He had nothing left to lose and everything to gain
And he said lets make a garden said the thorn to the
wild rose
Plant some seeds deep in the ground
Oh lets make a garden said the thorn to the wild rose
Where it's spring time all around
Yeah lets make a garden said the thorn to the wild rose
Plant some seeds in the ground
Oh lets make a garden said the thorn to the wild rose
Where it's spring time all around, ohh
