Where can you go

When you ain't got no where to go

And where can you stay

When you ain't got no where to stay

It's a long short highway

Where the lines in the middle fade away, yes they do

And I wanna know why we need to run the race

When there ain't no first or second place

Chuck Leavell on piano

Hey how can you move

When they hand you rules you don't chose

I wanna know who's got the right

To tell you turn out the lights
