Original theme & lyrics: James Hetfield, Lars Ulrich

Originally performed by: Metallica

Verse one:

So close no matter how far  
Couldn't be much more from the heart  
Forever trusting who you are  
And nothing else matters...

Verse two:

Never opened myself this way  
Life is ours, we live it our way  
All these words I don't just say  
And nothing else matters...

Verse three:

Trust I seek, and I find in you  
Every day for us something new  
Open mind for a different view  
And nothing else matters...

Chorus:

Never cared for what they do  
Never cared for what they know  
But I know...

Verse four:

So close no matter how far  
Couldn't be much more from the heart  
Forever trusting who you are  
And nothing else matters...

Chorus:

Never cared for what they do  
Never cared for what they know  
But I know...

Verse five:

Never opened myself this way  
Life is ours, we live it our way  
All these words I don't just say  
And nothing else matters...

Verse six:

Trust I seek, and I find in you  
Every day for us something new  
Open mind for a different view  
And nothing else matters...

Chorus:

Never cared for what they say

Never cared for games they play  
Never cared for what they do  
Never cared for what they know  
And I know...

Verse seven:

So close no matter how far  
Couldn't be much more from the heart  
Forever trusting who you are  
No, nothing else matters
