I thought you were my girl
Then you came and rocked my world, well, well
Our love was right on time
Now you've gone and blown my mind, yeah

I got the feelin', it's over
The funny feelin' that it's over
I got the feelin', it's over
(I got the feelin', really, really got the feelin')
The funny feelin' that it's over now

I thought we had such a love affair, baby
Was I so wrong? Is it over now, over now?
Ooh, I'd like to know what you feel for me, sugar
Is it really real or is it just a lie, yeah?

I'd like to know, baby
(I'd like to know)
Is there a chance for us or is this the end, baby
(Is this the end)
Of our romance

Got the feelin' it's, got the feelin', it's over
(I got the feelin', really, really got the feelin')
(Some times I can't go on, no)
The funny feelin' that it's over now
(Hey)

Got the feelin', it's over
(I got the feelin', really, really got the feelin')
(Some times I can't go on, no)
The funny feelin' that it's over now
(Hey)

I thought we had such a love affair, baby
Was I so wrong? Is it over now, over now?
Tell me is there a chance for us or is this the end?
I got the feelin' it's the funny feelin', that it's over

I got the feelin', really, really got the feelin'
It's over now

I got the feelin', really, really got the feelin'
It's over now

I got the feelin', really, really got the feelin'
Hey

I thought you were my girl
Then you came and rocked my world, well, well
Our love was right on time
Now you've gone and blown my mind, yeah, hey

Woo, ooh, hey, hey, hey, hey
Hey, mmm, oh, ah, ah, ooh
The funny feelin' that it's over
