If you be my star,
i'll be your sky.
You can hide underneath me
and come out at night.
When I turn jet black,
and you show of your light.
I live to let you shine.
I live to let you shine.

You can sky rocket away from me.
And never come back if you,
find another galaxy.
Far from here,
with more room to fly.
Just leave me your stardust
to remember you by.

If you'll be my boat,
I'll be your sea.
A depth of pure blue just to pro curiosity.
Ebbing and flowing,
and pushed by a breeze.
I live to make you free.
I live to make you free.

But you can set sail to the west,
if you want to.
And past the horizon,

'till I can't even see you.
Far from here,
where the beaches are wide.
Just leave me your wake
to remember you by.

If you be my star,
i'll be your sky.
You can hide underneath me
and come out at night.
When I turn jet black,
and you show off your light.
I live to let you shine.

I live to let you shine.

But you can sky rocket away from me,
and never come back if you,
find another galaxy.
Far from here,
with more room to fly.
Just leave me your stardust
to remember you by.

Stardust to remember you by.
