I feel like singing sad songs all night
i feel like tuning you out
do you want to make it into more of a fight
is this yelling what loves all about

so go on tear me apart
yea just go on aim straight for my chest
and maybe its mostly my fault
cause if im the only girl you ever had
i guess i cant be the best
i cant be the best

i feel like falling asleep while you scream
i feel like tuning you out
do you want to stand up and make a big scene
put the lid down, pick up the dog shit and shut your
mouth

so go on and tear me apart
yeah just go on aim straight for my chest
maybe its mostly my fault cause
if im the only girl you ever had
i guess i cant be the best cant be the best

and i feel like singing sad songs all night
