

Gregory Douglass "Devotion"

Visit "[Devotion](#)" on MotoLyrics.com

I have seen lies greater than the sea sky line
More than nine lives from twenty seven years gone by
I have occupied every casualty of silence
And fallen asleep angry at myself ever since

Any ordinary words might have set this night on fire
With promises unspoken
Finally this heart is open to your devotion

I have seen hate triumph over compassion
Suicide sanctioned from nation to nation
But I have seen love triumph over final chances
And fallen asleep safely in your arms ever since
