Free falling oh now where do i begin
Free falling 'till the birds forget to sing
But I found you in a crowd of anguish
Standing on a solid ground

Chorus:

So true like you're holding onto something
Like you've been in love with me for centuries
Singing hang around for me
You've got to hang around for me
If I'm gonna hang around for you

Much better now lets take a look around
Much better now as if i'm fine somehow
Since i found you like a riddle answered
Over the divine brigade

Chorus:

So true like you're holding onto something
Like you've been in love with me for centuries
Singing hang around for me
You've got to hang around for me
If I'm gonna hang around for you

What was all the pain for
Well, hell if I know
And how much do I have in store
Hell if I know now I just don't know

You in a crowd of anguish
Standing on a solid ground

Chorus:

So true like you're holding on to something
Like you've been in love with me for centuries
Singing hang around for me
You've got to hang around for me
If I'm gonna hang around for you
If I'm gonna hang around for you
If I'm gonna hang around for you
