Guess you're never gonna figure it out on your own  
Nowhere without a shadow of doubt  
Far from home, far from home.

And you're never gonna get enough  
No you're never gonna get enough  
You ain't never gonna get enough  
Better ride off into the sunset

So you're dying in pursuit of a boy deep inside  
With good tidings of comfort and joy  
Late at night, late at night

And you're never gonna get enough  
No you're never gonna get enough  
You ain't never gonna get enough  
Better ride of into the sunset

What is this fire that burns in my soul,  
My desire along with my love unrequited  
A promise untouched by forces unknown to lovers

God damn it all, look what you've done  
Lost your heart, lost your heart

And you're never gonna get enough  
No you're never gonna get enough  
No you ain't never gonna get enough  
Better ride of into the sunset
